

Project Work Documentation

Project Overview

- **Project Theme:** Cricket
- **Tech Stack:** React.js, Three.js, Tailwind
- **Major Contributions:**
 - **Frontend:** Implemented stadium background animation, team members' scorecards, and UI enhancements.
 - **Backend:** Integrated API for data fetching and ensured smooth interaction between frontend and backend.
 - **Collaboration:** Discussed with UI/UX developers to design **Team Members** section in Figma.

Inputs Given to the Project

- Decided **Cricket theme** for the project.
- Collaborated with UI/UX developers to design **Team Members** and their details in Figma.
- Worked on **backend integration** for seamless data fetching.
- Provide design input related to the Tournaments page.

Work Progress Time Sheet

Date	Task	Work Done
Mar 12, 2025	Start working on Stadium Background.	Worked on stadium background animation using Three.js
	Basic UI of Team Member Score Card implementation.	Initial Score Card UI implementation
Mar 13, 2025	Score card minor changes	Minor UI updates in Score Card

Date	Task	Work Done
Mar 17, 2025	Start working on Basic UI of Team member Score Details Page. Minor changes in team member score detail page Update Modal transparent background	Implemented Score Details Page Small refinements in Score Details Page Updated modal UI with transparent background
Mar 18, 2025	Score page individual image implemented	Added individual images for Score page
Mar 20, 2025	Score Card New Implementation Minor changes	New UI implementation for Score Card Minor bug fixes
Mar 24, 2025	Score modal commit Score modal changes Score Background Clickable enabled	Initial Score modal implementation UI/UX enhancements in Score modal Enabled click functionality on Score Background
Mar 25, 2025	Score modal changes Score detail modal changes	Further improvements in Score modal UI Enhancements in Score detail modal
Mar 26, 2025	Score modal minor changes Tournaments modal changes or fix bugs	Minor fixes in Score modal Updated Tournament modal as per Figma
Mar 27, 2025	Score project, Tournaments and edit tournaments changes Courses new list implementation Courses and Project Scrolling & switch feature added	Updates in Score Project and Tournament edits Added a new course list feature Implemented scrolling and switch functionality for courses/projects
Mar 28, 2025	Cross Button Background Color Implemented	Styled modal close button
	Merged Updates from Stage	Pulled latest changes from remote branch

Date	Task	Work Done
Mar 31, 2025	Minor Team Members Card Changes	UI tweaks for team member cards
Apr 1, 2025	Scrollbar in Courses & Projects	Added scroll functionality
	Scrollbar Fixes (General)	Minor scroll tweaks across UI
	Merged Updates from Stage	Synced with team repo
Apr 2, 2025	Credits Page Implemented	Designed and implemented new Credits page
	Added Credits Page to Routes	Configured routing to new page
	Routing Changes	Updated route logic across app
	Merged Updates from Stage	Repo sync
Apr 3, 2025	Credits Background + Minor Fixes	UI enhancements + bug fixes
Apr 8, 2025	Score Page Minor Changes	Small UI/UX improvements
	Reconstructed Map for Courses and Projects	Refactored map logic
	Tournament Card Ellipsis + Edit Team Image Position	Layout improvements for tournament card
	Merged Updates from Stage	Final sync for day

Key Features Implemented

- **Stadium Background Animation** using **Three.js**
- **Team Members Score Cards & UI Enhancements**
- **Detail Score Card Modal** and its refinements
- **Tournaments Modal Updates** as per Figma
- **Courses & Project Scrolling and Switch Feature**
- **Backend Integration** for data fetching
