

Inputs In Biweekly Project

1. **Ideation Phase (10/03/2025):** The core concept, theme, and objectives for the project were defined through multiple rounds of discussions with the team
2. **Brainstorming for Flow and Functionalities (10/03/2025 – 11/03/2025):**
Collaborated with the entire team, had few discussions to outline the user journey and key features of the product.
3. **User Story Creation (12/03/2025 – 13/03/2025):** Drafted detailed user stories and acceptance criteria to guide the developers in development process.
4. **Progress Follow-Ups :** Conducted regular check-ins with developers to know the progress and suggest necessary feedback.
