

Individual Contribution Report

Project Name: Cricket-Themed Team Performance Web Application

Contributor: Manoj Inbarajan

Project Contributions Timeline

1. Ideation & Planning Phase

- **04/03/2025** – Participated in the ideation phase, contributed inputs on various project themes, and assisted in finalizing the theme.
- **06/03/2025** – Engaged in a brainstorming session, provided insights on website page structure, and discussed essential features for implementation.

2. Research & Documentation

- **10/03/2025** – Initiated the creation of the **Proof of Concept (PoC)** for idea validation.
- **12/03/2025** – Started drafting the **Project Charter Document** for the project initiation phase.
- **13/03/2025** – Updated the **Project Charter Document** based on team discussions and feedback.

3. Design & Stakeholder Discussions

- **16/03/2025** – Created a **wireframe** for the product and discussed it with stakeholders for feedback. Shared the **PoC** and **Project Charter Document** for review.
- **17/03/2025** – Conducted a **basic walkthrough** of the project for the team using the wireframe.

4. Execution & Development Support

- **18/03/2025** – Created the **Product Requirement Document (PRD)** to outline planning and execution details.
- **19/03/2025** – Updated the **PRD** and provided inputs for the development process.
- **24/03/2025** – Gathered stakeholder feedback for potential edits in the **PoC** document.
- **25/03/2025** – Converted the **PoC** from a Word document to a more user-friendly format on **FigJam**.

5. Coordination & Communication

- **27/03/2025** – Conducted a **scrum meeting**, summarized key points, and shared the meeting summary with stakeholders.

Summary:

Throughout the project, I played a key role in ideation, documentation, wireframing, stakeholder engagement, and coordination. My contributions were pivotal in structuring the project roadmap, ensuring clear documentation, and facilitating communication between teams.
